Experiment-8

Student Counselling System

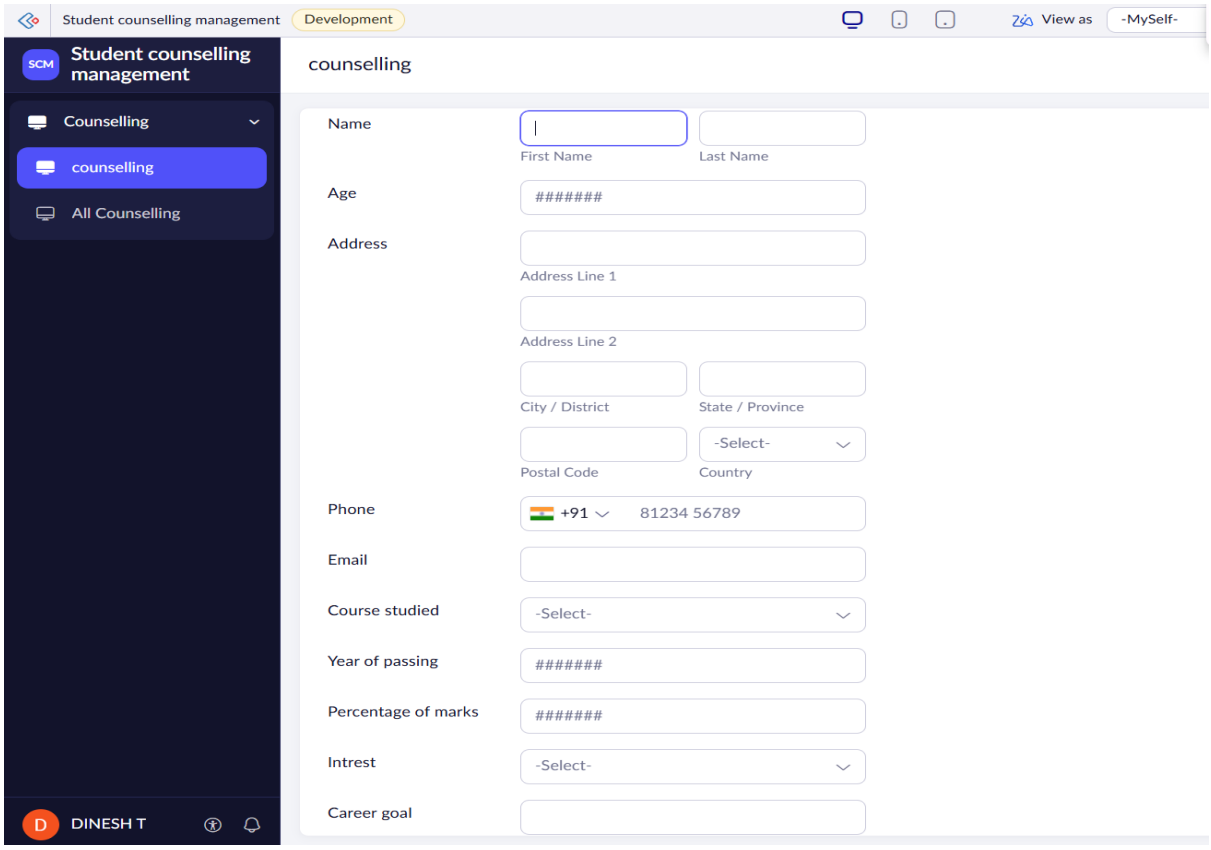

Aim

To create a cloud-based Student Counselling System using Zoho Creator to demonstrate Software as a Service (SaaS).

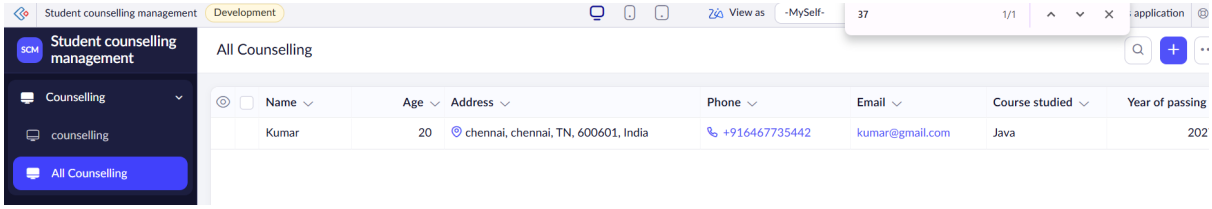

Procedure

1. Open Zoho Creator and create a new application named Student Counselling System.
2. Create a form named Student Counselling Form.
3. Add fields such as Student Name, Age, Address, Phone Number, Subjects Studied, Year of Passing and Percentage of Marks.
4. Add Domain Interest, Career Goal, Counselling Date and Counselling Status fields.
5. Configure the required dropdown options and save the form.
6. Enter sample student details and submit the form.
7. View and manage the submitted records in the report.

Implementation

Output

Result

Successfully created a cloud-based Student Counselling System using Zoho Creator to collect and manage student details, academic information and domain interests.
