Experiment-1

Flight Reservation System

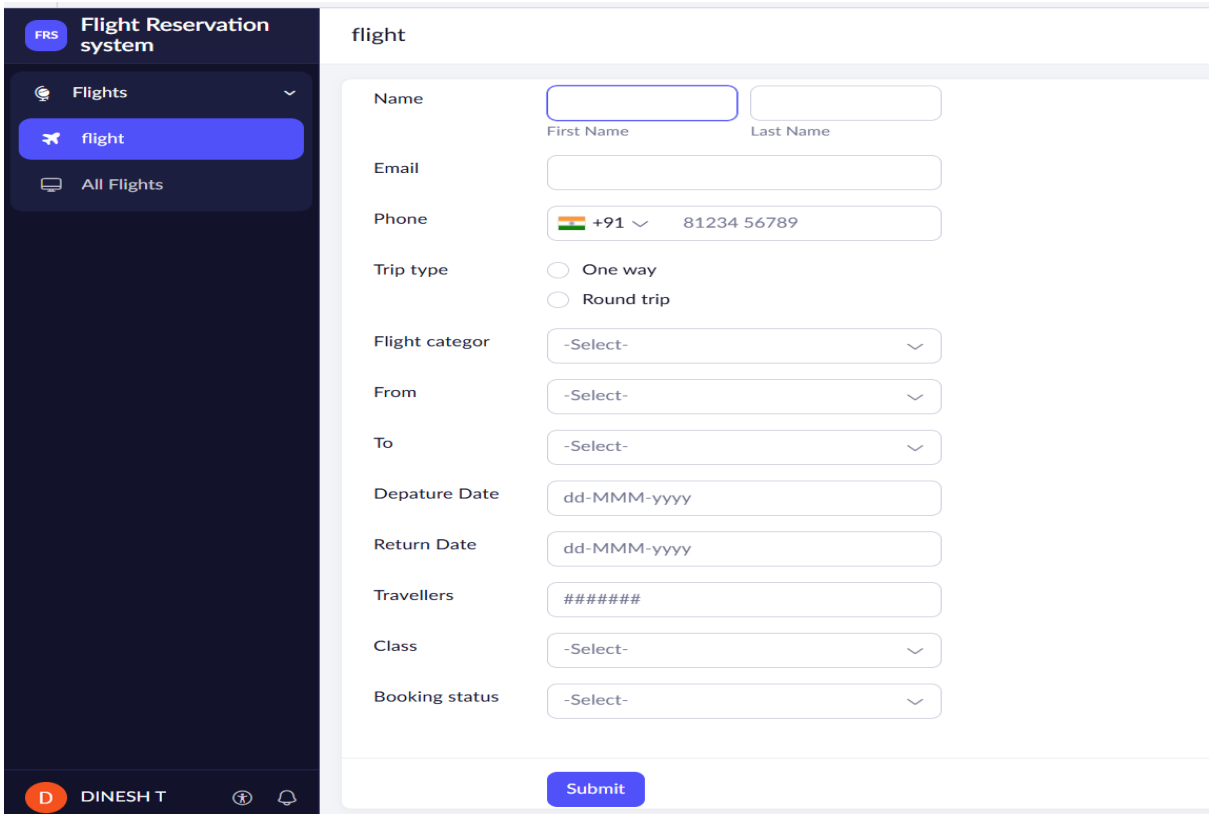

Aim

To create a cloud-based Flight Reservation System using Zoho Creator to demonstrate Software as a Service (SaaS).

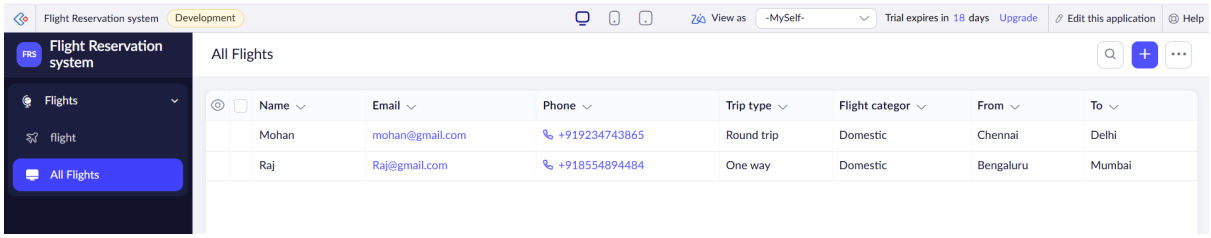

Procedure

1. Open Zoho Creator and create a new application named Flight Reservation System.
2. Create a form named Flight Booking Form.
3. Add fields such as Passenger Name, Email, Trip Type, From, To, Departure Date, Return Date, Travelers, Class, Fare Type, and Flight Category (Domestic/International).
4. Configure the dropdown and radio button choices.
5. Save the form and open the application.
6. Enter sample flight details and submit the form.
7. View the submitted reservation details in the report.

Implementation

Output

Result

Successfully created a cloud-based Flight Reservation System using Zoho Creator to collect and manage flight reservation details.
