

Experiment -1

Car Booking Reservation System Using Zoho One(SaaS)

AIM:

To create a simple cloud-based Car Booking Reservation System using any Cloud Service Provider to demonstrate Software as a Service (SaaS), with features such as cab search, source and destination, rental, outstation booking, package type, and hours/days.

PROCEDURE :

1. Open **Zoho Creator** and log in.
2. Create a new application.
3. Create a **Car Booking** form.
4. Add customer details.
5. Enter **From** and **To** locations.
6. Add an option to **search for cabs**.
7. Select the required **Cab Type**.
8. Choose **Rental or Outstation**.
9. Select the **Package Type**.
10. Enter the required **Hours/Days**.
11. Submit the booking details.
12. Check the available cab and booking information.
13. Publish the application in **Zoho Creator** as a cloud-based SaaS application.
